Argentario Golf Resort & Spa

PORTO ERCOLE, TUSCANY, ITALY

e s p a c e

Well-being begins with your first breath at Argentario.

Sand dunes topped by two bridges link the mainland to the promontory of Argentario—this is where stands the luxurious Argentario Golf Resort & Spa, a mix of contemporary and vintage, one location of indescribable fascination with a golf course and Spa & Wellness Center, where you will get pampered slowly, surrounded by care and professionals, transforming your stay into a new source of energy.

Situated at garden level with direct access to the golf courses, the Wellness Center Espace is characterized by natural materials,

integrated into a unique design, sophisticated technology, and advanced equipment. All five senses will be inspired by a combination of ideal temperatures and color therapy, sound and smell of delicious fragrances, massage and rituals to benefit from treatments carefully selected to enhance your well-being and promote relaxation.

In a single "Day Holiday," the property promises to awaken the senses and give new light to the face and body with immediate and lasting results.

The Spa includes aromatic Turkish bath under a starry sky, thalassotherapy Turkish bath, Finnish sauna, bio sauna with

color therapy, Kneipp course, multisensory experience showers, relax area, hairdresser, heated indoor/outdoor pool with whirlpool and cervical showers, solarium, equipped gym by Technogym, jogging track, tennis court, and soccer field.

The Wellness Center uses only natural products, which come from our land or in the immediate vicinity of our estate. Sugar, honey, olive oil, strawberry, walnut, hazelnut, chestnut flour, and herbs with antioxidant properties are just some of the ingredients we use for our treatments. We apply our knowledge of the balances of various combinations to adapt to the needs of each individual case.

Whether you are an executive, a golfer, an expectant mother, a bride-to-be, or a couple seeking luxury and privacy, we have a treatment for you.

Be seduced, let us pamper you. We promise a wonderful experience. You will not want your vacation to end!
